## About Taiwan

### Area

**36,197** km<sup>2</sup>  
 (13,975.74 mi<sup>2</sup>)  
 Ranked 139<sup>th</sup>

### Population

**23.57** million  
 Ranked 56<sup>th</sup>

### Landmark

**Taipei 101**  
 Located in Northern Taiwan,  
 the 8<sup>th</sup> tallest building  
 in the world.

### Climate

- Tropics
- Subtropics

### Ethnicity

- Han Chinese / Hakka / Hoklo
- Indigenous People
- New Immigrants

Trade Value of Taiwan

New Southbound Markets

Trade Growth Rate

Trade Values between Taiwan and 7 Main New Southbound Markets

Unit : US billion

- Malaysia 17.6
- Vietnam 13.6
- Philippines 11.9
- Thailand 10.8
- Indonesia 8.1
- India 6.4
- Myanmar 0.3

Industrial Development

Leading Industries

Bicycles

Holds the largest import share in Germany, Netherlands and UK.

IC Foundry

Taiwan's IC Foundries hold the largest market share in the world.

Super Yachts

The 4<sup>th</sup> builder country in the world and Asia's biggest maker.

Textile

Functional Textiles hold a 70% market share worldwide

Sports and Leisure

80% of world's golf club heads are produced by Taiwanese companies.

Healthcare

The world's 1<sup>st</sup> medical power scooter exporting country.

Machine Tool

The world's 5<sup>th</sup> machine tool exporting country. The 7<sup>th</sup> machine tool maker in the world.

Orchids

Through advanced breeding methods and pattern protection to enhance the competitiveness of the orchid industry. The export amount of the Taiwan orchid reached US\$ 178 million.

Intellectual Advantage

A total of 11 Taiwanese universities have made the world's list for the top 500 universities

## Industrials Clusters

### Sports & Leisure Goods

The export amount of sporting goods sector reached US\$ 1.7 billion in 2016.

### Machine Tool

Taiwan is one of the top exporting countries for machine tools.

### Orchid

Perfect growing environment, combined with advancements in breeding.

### Green Energy

Development of a complete photovoltaic industrial cluster that encompasses the up, mid, and downstream segments of the supply chain.

### Bicycle

The A-Team (a team comprised of 20 bike and parts companies) has created high quality and innovative new products.

### Biomedicine

Innovative medical devices and new marketing models that drive the formation of a complete product and service ecosystem.

### Automobile Parts and Accessories

The auto parts industry has the capability of providing original equipment (OE) and after market (AM) service to global supply chain. A comprehensive, highly efficient subcontractor network makes up a central-to-satellite plant system within which individual parts manufacturers specialize in specific areas.

### Automobile Electronic

The auto electronics industry of Taiwan is founded on the strengths of its well-developed ICT and auto parts industries. In 2016, the auto electronics industry reached an output value of US\$6.3 billion.

### ICT

These clusters have helped Taiwan the "go-to" location for procurement and design.

### Fastener

Production accounts for 30% of all fasteners internationally and has exported to over 140 countries.

### Super Yachts

The success of Taiwan's super yachts rests on three main points: high building skills, superior craftsmanship and customized solutions. Combined with the geographical advantage of Kaohsiung City.

## Attractions in Taiwan

### Yushan National Park

Mt. Jade is the highest peak in East Asia (3952 meters)

### Nantou County Sun Moon Lake

### Taichung City Daja Jenn Lann Temple

### Penghu County Cimei Twin Hearts Stone Weir

### Tainan City Chihkan Tower

### Taipei City National Palace Museum

### New Taipei City Jiufen

### Hualien County Taroko National Park

## World Rankings

Taiwan is ranked **2<sup>nd</sup>** in the world in terms of "State of Cluster Development" in The World Economic Forum (WEF)'s **"Global Competitiveness Report 2017-2018"**

Taiwan is ranked **14<sup>th</sup>** in the **2017 Annual World Competitiveness Yearbook** and **3<sup>rd</sup>** in the Asia-Pacific region

Taiwan is ranked **15<sup>th</sup>** in the **"Doing Business 2018"** survey by the World Bank.

## Festivals in Taiwan

January

New Year's Day

February

Taiwan Lantern Festival

March

Taichung City Mazu International Festival

April

The Tung Blossom Festival

June

Dragon Boat Festival

September

Mid-Autumn Festival

December

Winter Solstice Festival

## Culture of Taiwan

Lantern Festival

The sky lanterns of the festival carry the prayers and vows of the people. A great event that reflects the festive Taiwanese spirit to the world.

Dragon Boat Festival

An annual tradition that is also one of Taiwan's 3 major holidays. Dragon boat races are held, and people eat Zongzi (Rice Tamales) on Festival day.

Mid-Autumn Festival

On the Festival day, family members get together, see the full moon and eat moon cakes with pomelos.

About Us

The symbol of Taiwan Excellence honors Taiwan's most innovative products that provides tremendous value to users worldwide. All products carrying this symbol have been selected for specific Taiwan Excellence Awards based on their excellence in design, quality, marketing, Taiwanese R&D and manufacturing. Initiated by the Ministry of Economic Affairs (MOEA), Taiwan, R.O.C. in 1992, the symbol of Taiwan Excellence is recognized by 102 countries.

Organized by

Bureau of Foreign Trade (BOFT), MOEA

The Bureau of Foreign Trade (BOFT) under the Ministry of Economic Affairs (MOEA), R.O.C. is responsible for implementing policies and regulations governing foreign trade and economic cooperation. Established in January 1969, the BOFT's role and position have been adjusted regularly to meet the needs of the ever changing international economic and trade environments. The BOFT has been guiding and working with the Taiwan External Trade Development Council (TAITRA) in numerous promotional trade projects and activities both internationally and domestically. Having worked closely with TAITRA for many decades, the BOFT continues to commission TAITRA for various critical government projects relating to business, trade and investment, while promoting Taiwan internationally.

Taiwan External Trade Development Council (TAITRA)

Founded in 1970 to help promote foreign trade, the Taiwan External Trade Development Council (TAITRA) is the foremost non-profit, semi-governmental trade promotion organization in Taiwan. Jointly sponsored by the government, industry associations, and several commercial organizations, TAITRA assists Taiwanese businesses and manufacturers with reinforcing their international competitiveness and in coping with the challenges they face in foreign markets. TAITRA boasts a well-coordinated trade promotion and information network of over 1,200 international marketing specialists stationed throughout its Taipei headquarters and 50 overseas offices worldwide. Together with its sister organizations, the Taiwan Trade Center (TTC) and the Taipei World Trade Center (TWTC), TAITRA has created a wealth of trade opportunities through effective promotion strategies.

## What is Taiwan Excellence?

In order to encourage Taiwanese manufacturers to enhance their total capability and to incorporate innovation and added value into their products, the Ministry of Economic Affairs (MOEA) has launched a large scale groundbreaking and forward-looking national project, The Taiwan Industry Image Enhancement Project (IEP project). The government has entrusted the Taiwan External Trade Development Council (TAITRA) to carry out the project.

Under the scheme of work, the Taiwan Excellence selection has been implemented to select annually the most innovative products based on their excellence in criteria including research and development, design, quality, and international marketing. Taiwan Excellence Awards are given to products that stand out the selection and show competi-

tive "Innovative Values". All award winning products are entitled to apply the Taiwan Excellence mark for marketing and promotional purpose. Companies that win the award are proud to take advantage of the mark as it represents the highest honor of Taiwan national recognized and endorsed excellent products.

The IEP provides both B2B and B2C focused companies the perfect platform for value-added promotion through cross-platform media-links, O2O(online to offline), and a series of integrated marketing communication activities, which included exhibition marketing, experiential marketing, channel marketing, media relations, advertising, celebrity endorsement, brand agency fairs and digital marketing among other related activities.

The Schedule of  
Taiwan Excellence Events in Thailand

## Matrix S-Drive S-Drive

Matrix S-Drive Performance Trainer is able to train power, endurance and speed at the same time. It is also suitable for rehabilitation sports. User can run forward, backwards or sideways on the treadmill. A load stop, a dynamic brake and an integrated Sled-Push handle simulate different training activities in one device. This gives the S-Drive Performance Trainer a high flexibility, e.g. also for group trainings. The integrated power speed resistor can be adapted in height and length and creates additional security. As a self-running device, the treadmill can be freely placed without any need for a power connection.

## Electric-Full suspension X-Country bike

E160 900E

eONE -SIXTY: The playful Enduro bike with built in shuttle service.

Enduro bikes are first and foremost capable and fun bikes with lots of reserves for when the going gets rough – with climbing abilities but not focussing on that. Our clever engineers have taken the brand new ONE-SIXTY and added a built in shuttle service: the eONE-SIXTY! This 160/160mm Enduro full suspension with its all-aluminium frame delivers all the latest features like complete internal cable routing with 'Smart Entry' cable access. Due to 650b+ tyres, Boost Standard wheels, Shimano E8000 STePS motor and fun focussed agile and playful geometry (reach for a M frame is 440mm) our eONE-SIXTY is a thoroughbred enduro and scores as highly as the non-powered ONE-SIXTY when it comes to trail fun.

## New X Series Chain

X11SL-1/X11EL-1/X11-1/X10SL-1/X10EL-1/  
X10-1

KMC new X series chain is optimized for 1x system, the new chain is still perfectly suited for all bicycles and riding conditions, KMC's advanced chain design ensures chain retention while smoothly guiding gear teeth into the chain via dynamic chamfer angles. The addition of the new coating provides 10 times better rust resistance than the average chain, creates a smoother surface, and has a durable dark black appearance. Furthermore, adding to KMC's existing design, the asymmetrical outer plate chamfer design significantly reduces gear tooth interference and enhances shifting performance, allowing cyclists to fully appreciate the performance evolution of the New X chain on all drivetrains.

## Sliding Bike E Assistant Sliding Bike SB-2007W

Our models before 2015 used only horizontal sliding mechanism, and they were awarded invention golden medals in Seoul, Geneva, Pittsburgh, and Taipei, and the Japan GD Good Design Award, and Taiwan Excellence Award. The model is a totally different sliding design with higher front end stretching lower to the other end. The ultimate innovation is developed by our R&D team with the full support in workforce, resources, and finance, and the final product took as long as 11 years to complete. We have experienced continuous improvement and modification in the process; therefore, we can guarantee the excellence of this product.

## 185 Ultra Clear Dash Cam A70

A perfect combination of lens structure, Sony sensor, aperture and optical parameters optimization to capture crystal clear pictures in either light or shadow with outstanding performance. The biggest feature is with the 185-degree ultra wide visual field and it can record spacious Full-HD video of the road ahead as well as safeguard the blind zone if someone runs the red light at the intersection. A70 can balance the light on whole screen to optimize image quality in low light conditions that captures video image accurately, crisp and sharp, allowing all details including signs and license plates of nearby cars to be easy to discern. Trigger and record automatically when horizontal shake is detected. Less detection of vertical shake to avoid mis-trigger when large vehicle pass by.

## Transcend DrivePro DP230 TS16GDP230M

- Using Sony sensor to capture high-resolution images with superb.
- The DrivePro 230's GPS receiver can log GPS coordinates, date, and time into recorded video footage.
- In the event of a collision, the DrivePro 230's motion G-sensor detects the impact and triggers emergency recording mode.
- The Lane Departure Warning System (LDWS) helps to prevent accidents by issuing a warning when a vehicle veers out of a lane.
- The Forward Collision Warning System (FCWS) warns the driver when the driving speed exceeds a preset value.
- When the DrivePro detects poor lighting conditions, for example at dusk, or in dark places such as a tunnel and basement, the headlight reminder will automatically activate.

## Transcend DrivePro DP200 TS16GDP200M

- Featuring a large  $f/2.0$  aperture, the DrivePro's high-quality camera lens will automatically adjust to light conditions to capture all details of an event, both day and night.
- 7 glass lenses plus 1 infrared filter lens prevent fogging from heat generated after a long period of recording.
- The DrivePro's camera combines an extra wide 160° viewing angle, resolution of 1920x1080p.
- DrivePro's motion G-Sensor will detect an impact and instantly trigger Emergency Recording mode. This adds write protection to the affected recording.
- Supported by the free downloadable DrivePro App for Apple iOS and Android devices, the DrivePro includes wireless smartphone connectivity to let you stream, download, and share videos.
