About Us

The symbol of Taiwan Excellence honors Taiwan's most innovative products that provide tremendous value to users worldwide. All products carrying this symbol have been selected for specific Taiwan Excellence Awards based on their excellence in design, quality, marketing, Taiwanese R&D and manufacturing. Initiated by the Ministry of Economic Affairs (MOEA), Taiwan, R.O.C. in 1992, the symbol of Taiwan Excellence is recognized by 102 countries.

Organized by

Bureau of Foreign Trade (BOFT), MOEA

The Bureau of Foreign Trade (BOFT) under the Ministry of Economic Affairs (MOEA), R.O.C. is responsible for implementing policies and regulations governing foreign trade and economic cooperation. Established in January 1969, the BOFT's role and position have been adjusted regularly to meet the needs of the ever changing international economic and trade environments. The BOFT has been guiding and working with the Taiwan External Trade Development Council (TAITRA) in numerous promotional trade projects and activities both internationally and domestically. Having worked closely with TAITRA for many decades, the BOFT continues to commission TAITRA for various critical government projects relating to business, trade and investment, while promoting Taiwan internationally.

Taiwan External Trade Development Council (TAITRA)

Founded in 1970 to help promote foreign trade, the Taiwan External Trade Development Council (TAITRA) is the foremost non-profit, semi-governmental trade promotion organization in Taiwan. Jointly sponsored by the government, industry associations, and several commercial organizations, TAITRA assists Taiwanese businesses and manufacturers with reinforcing their international competitiveness and in coping with the challenges they face in foreign markets. TAITRA boasts a well-coordinated trade promotion and information network of over 1,200 international marketing specialists stationed throughout its Taipei headquarters and 50 overseas offices worldwide. Together with its sister organizations, the Taiwan Trade Center (TTC) and the Taipei World Trade Center (TWTC), TAITRA has created a wealth of trade opportunities through effective promotion strategies.

Taiwan Excellence

Taiwan Excellence Pavilion

What is Taiwan Excellence?

In order to encourage Taiwanese manufacturers to enhance their total capability and to incorporate innovation and added value into their products, the Ministry of Economic Affairs (MOEA) has launched a large scale groundbreaking and forward-looking national project, The Taiwan Industry Image Enhancement Project (IEP project). The government has entrusted the Taiwan External Trade Development Council (TAITRA) to carry out the project.

Under the scheme of work, the Taiwan Excellence selection has been implemented to select annually the most innovative products based on their excellence in criteria including research and development, design, quality, and international marketing. Taiwan Excellence Awards are given to products that stand out the selection and show competi-

tive "Innovative Values". All award winning products are entitled to apply the Taiwan Excellence mark for marketing and promotional purpose. Companies that win the award are proud to take advantage of the mark as it represents the highest honor of Taiwan national recognized and endorsed excellent products.

The IEP provides both B2B and B2C focused companies the perfect platform for value-added promotion through cross-platform media-links, O2O(online to offline), and a series of integrated marketing communication activities, which included exhibition marketing, experiential marketing, channel marketing, media relations, advertising, celebrity endorsement, brand agency fairs and digital marketing among other related activities.

前言 INTRODUCTION

台灣精品

「台灣精品」是經濟部在1993年設立的獎項，獲獎產品作為臺灣產業的創新代表，由經濟部協助在國際市場推廣宣傳，形塑臺灣產業優質形象。

「台灣精品」選拔機制嚴格，分為二階段進行。第一階段由國內評審委員會透過書面資料審查及產品現場評鑑，依據「研發」、「設計」、「品質」、「行銷」等4個專業項目，同時考量「臺灣產製」條件，綜合評選出具「創新價值」的產品授予「台灣精品」獎；第二階段由國際評審委員會再從「台灣精品」中選出最高榮譽的「台灣精品金質獎」及「台灣精品銀質獎」。

台灣精品標誌

「台灣精品」標誌的設計源自我國追求「圓滿」的精神內涵，交錯連接的六條圓弧對外隱喻我國與全球經濟體系之密切關係；對內隱含各個企業體在相同理念下之結合，鮮紅色調代表我國企業之充沛活力。六條弧線的每一弧線雖各自獨立，卻又連成一個結實的圖形，顯現我國產業完整之分工結構體系。

「台灣精品」標誌迄今已在全球102個國家註冊與推廣。
