Industrial Development

Leading Industries

**Bicycles**

Holds the largest import share in Germany, Netherlands and UK.

**IC Foundry**

Taiwan's IC Foundries hold the largest market share in the world.

**Super Yachts**

The 4<sup>th</sup> builder country in the world and Asia's biggest maker.

**Textile**

Functional Textiles hold a 70% market share worldwide

**Sports and Leisure**

80% of world's golf club heads are produced by Taiwanese companies.

**Healthcare**

The world's 1<sup>st</sup> medical power scooter exporting country.

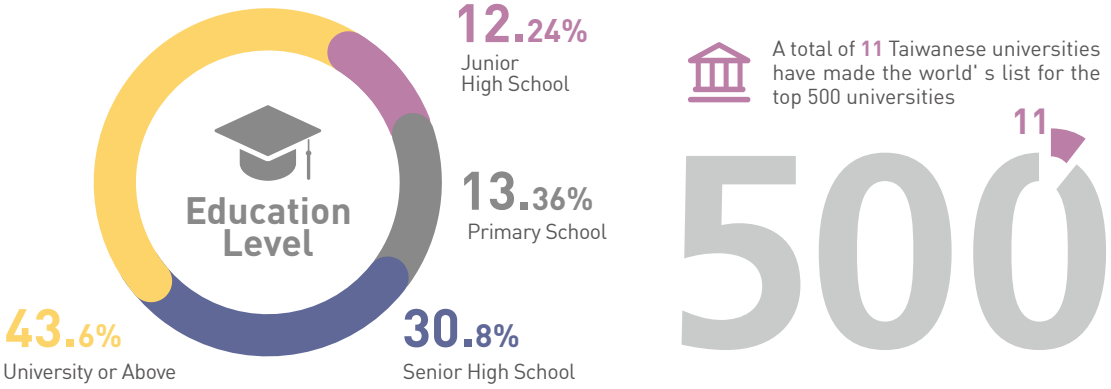

**Machine Tool**

The world's 5<sup>th</sup> machine tool exporting country. The 7<sup>th</sup> machine tool maker in the world.

**Orchids**

Through advanced breeding methods and pattern protection to enhance the competitiveness of the orchid industry. The export amount of the Taiwan orchid reached US\$ 178 million.

Intellectual Advantage

## Industrials Clusters

### Sports & Leisure Goods

The export amount of sporting goods sector reached US\$ 1.7 billion in 2016.

### Machine Tool

Taiwan is one of the top exporting countries for machine tools.

### Orchid

Perfect growing environment, combined with advancements in breeding.

### Green Energy

Development of a complete photovoltaic industrial cluster that encompasses the up, mid, and downstream segments of the supply chain.

### Bicycle

The A-Team (a team comprised of 20 bike and parts companies) has created high quality and innovative new products.

### Biomedicine

Innovative medical devices and new marketing models that drive the formation of a complete product and service ecosystem.

### Automobile Parts and Accessories

The auto parts industry has the capability of providing original equipment (OE) and after market (AM) service to global supply chain. A comprehensive, highly efficient subcontractor network makes up a central-to-satellite plant system within which individual parts manufacturers specialize in specific areas.

### Automobile Electronic

The auto electronics industry of Taiwan is founded on the strengths of its well-developed ICT and auto parts industries. In 2016, the auto electronics industry reached an output value of US\$6.3 billion.

### ICT

These clusters have helped Taiwan the "go-to" location for procurement and design.

### Super Yachts

The success of Taiwan's super yachts rests on three main points: high building skills, superior craftsmanship and customized solutions. Combined with the geographical advantage of Kaohsiung City.

### Fastener

Production accounts for 30% of all fasteners internationally and has exported to over 140 countries.

## World Rankings

Taiwan is ranked **2<sup>nd</sup>** in the world in terms of "State of Cluster Development" in The World Economic Forum (WEF)'s **"Global Competitiveness Report 2017-2018"**

Taiwan is ranked **14<sup>th</sup>** in the **2017 Annual World Competitiveness Yearbook** and **3<sup>rd</sup>** in the Asia-Pacific region

Taiwan is ranked **15<sup>th</sup>** in the **"Doing Business 2018"** survey by the World Bank.

## Culture of Taiwan

Lantern Festival

The sky lanterns of the festival carry the prayers and vows of the people. A great event that reflects the festive Taiwanese spirit to the world.

Dragon Boat Festival

An annual tradition that is also one of Taiwan's 3 major holidays. Dragon boat races are held, and people eat Zongzi (Rice Tamales) on Festival day.

Mid-Autumn Festival

On the Festival day, family members get together, see the full moon and eat moon cakes with pomelos.

About Us

TAIWAN  
EXCELLENCE

The symbol of Taiwan Excellence honors Taiwan's most innovative products that provide tremendous value to users worldwide. All products carrying this symbol have been selected for specific Taiwan Excellence Awards based on their excellence in design, quality, marketing, Taiwanese R&D and manufacturing. Initiated by the Ministry of Economic Affairs (MOEA), Taiwan, R.O.C. in 1992, the symbol of Taiwan Excellence is recognized by 102 countries.

Organized by

Bureau of Foreign Trade (BOFT), MOEA

The Bureau of Foreign Trade (BOFT) under the Ministry of Economic Affairs (MOEA), R.O.C. is responsible for implementing policies and regulations governing foreign trade and economic cooperation. Established in January 1969, the BOFT's role and position have been adjusted regularly to meet the needs of the ever changing international economic and trade environments. The BOFT has been guiding and working with the Taiwan External Trade Development Council (TAITRA) in numerous promotional trade projects and activities both internationally and domestically. Having worked closely with TAITRA for many decades, the BOFT continues to commission TAITRA for various critical government projects relating to business, trade and investment, while promoting Taiwan internationally.

Taiwan External Trade Development Council (TAITRA)

Founded in 1970 to help promote foreign trade, the Taiwan External Trade Development Council (TAITRA) is the foremost non-profit, semi-governmental trade promotion organization in Taiwan. Jointly sponsored by the government, industry associations, and several commercial organizations, TAITRA assists Taiwanese businesses and manufacturers with reinforcing their international competitiveness and in coping with the challenges they face in foreign markets. TAITRA boasts a well-coordinated trade promotion and information network of over 1,200 international marketing specialists stationed throughout its Taipei headquarters and 50 overseas offices worldwide. Together with its sister organizations, the Taiwan Trade Center (TTC) and the Taipei World Trade Center (TWTC), TAITRA has created a wealth of trade opportunities through effective promotion strategies.

## What is Taiwan Excellence?

In order to encourage Taiwanese manufacturers to enhance their total capability and to incorporate innovation and added value into their products, the Ministry of Economic Affairs (MOEA) has launched a large scale groundbreaking and forward-looking national project, The Taiwan Industry Image Enhancement Project (IEP project). The government has entrusted the Taiwan External Trade Development Council (TAITRA) to carry out the project.

Under the scheme of work, the Taiwan Excellence selection has been implemented to select annually the most innovative products based on their excellence in criteria including research and development, design, quality, and international marketing. Taiwan Excellence Awards are given to products that stand out the selection and

show competitive "Innovative Values". All award winning products are entitled to apply the Taiwan Excellence mark for marketing and promotional purpose. Companies that win the award are proud to take advantage of the mark as it represents the highest honor of Taiwan national recognized and endorsed excellent products.

The IEP provides both B2B and B2C focused companies the perfect platform for value-added promotion through cross-platform media-links, O2O(online to offline), and a series of integrated marketing communication activities, which included exhibition marketing, experiential marketing, channel marketing, media relations, advertising, celebrity endorsement, brand agency fairs and digital marketing among other related activities.

## Mobile Inspection Assistant G60

The G60, Mobile Inspection Assistant, integrates thermal imager, Push-to-Talk radio, and Smartphone into a 4G industrial mobile computer, reducing the number of devices carried while conducting an electrical inspection. Dual lens thermal camera and laser positioning enable accurate recording of temperature changes in electrical equipment. Anomalies can be timely discovered and dealt with on-site. It is ruggedized with the IP67 rating. The built-in SOS button can be used to call for help in case of an emergency. The 5" rugged back-lit touch screen allows the user to easily operate the device in direct sunlight and wearing gloves.

## Handheld Data Collector GT-500U

GT500U is an innovative standing data collection device. The user can hold GT500U in their hands to scan a stationary target, or just as easily fix GT500U to a jig to scan moving objects (e.g. monitoring a production line). The new grip puts the weight of the product squarely in your palm, improving upon the traditional pistol grip, where the top heavy design can cause wrist pain. Through the design of different holders, GT500U is compatible with not only the rugged handheld computers AMobile offers, but the consumer phones as well. Additionally, smartphones and GT500U can sense each other via NFC and automatically achieve bluetooth pairing without any manual setup.

## GAMMIX S11 PCIe Gen3x4

1. The GAMMIX S11 M.2 2280 NVMe 1.3 SSD is our fastest SSD to date.
2. It employs the extra-fast PCIe Gen3x4 interface and provides stunning R/W speeds up to 3200/1700MB per second, outpacing SATA 6Gb/s by a huge Margin.
3. Implementing 2nd generation 64-layer 3D NAND flash, the S11 also features higher prices and greater reliability than ever.
4. The S11 is covered by a slim, cool black and red heatsink with the XPG logo which reduces the SSD's temperatures by up to 10 °C for excellent cooling.
5. With SLC Caching, a DRAM Cache Buffer, and LDPC ECC technologies, it maintains high speeds and data confidence during even the most intense gaming, rendering, overclocking, and other high demand applications.
