Industrials Clusters

Sports & Leisure Goods
The export amount of sporting goods sector reached US$ 1.7 billion in 2016.

Bicycle
The A-Team (a team comprised of 20 bike and parts companies) has created high quality and innovative new products.

Automobile Electronic
The auto electronics industry of Taiwan is founded on the strengths of its well-developed ICT and auto parts industries. In 2016, the auto electronics industry reached an output value of US$6.3 billion.

ICT
These clusters have helped Taiwan the "go-to" location for procurement and design.

Machine Tool
Taiwan is one of the top exporting countries for machine tools.

Biomedicine
Innovative medical devices and new marketing models that drive the formation of a complete product and service ecosystem.

Orchid
Perfect growing environment, combined with advancements in breeding.

Green Energy
Development of a complete photovoltaic industrial cluster that encompasses the up, mid, and downstream segments of the supply chain.

Automobile Parts and Accessories
The auto parts industry has the capability of providing original equipment (OE) and after market (AM) service to global supply chain. A comprehensive, highly efficient subcontractor network makes up a central-to-satellite plant system within which individual parts manufacturers specialize in specific areas.

Fastener
Production accounts for 30% of all fasteners internationally and has exported to over 140 countries.

Super Yachts
The success of Taiwan's super yachts rests on three main points: high building skills, superior craftsmanship and customized solutions. Combined with the geographical advantage of Kaohsiung City.

TAIPEI
HSINCHU
TAICHUNG
TAINAN
KAOHSIUNG

World Rankings

Taiwan is ranked **2nd** in the world in terms of "State of Cluster Development" in The World Economic Forum (WEF)'s **"Global Competitiveness Report 2017-2018"**

2

Taiwan is ranked **14th** in the **2017 Annual World Competitiveness Yearbook** and **3rd** in the Asia-Pacific region

14 **Asia 3**

Taiwan is ranked **15th** in the **"Doing Business 2018"** survey by the World Bank.

About Us

TAIWAN EXCELLENCE

The symbol of Taiwan Excellence honors Taiwan's most innovative products that provide tremendous value to users worldwide. All products carrying this symbol have been selected for specific Taiwan Excellence Awards based on their excellence in design, quality, marketing, Taiwanese R&D and manufacturing. Initiated by the Ministry of Economic Affairs (MOEA), Taiwan, R.O.C. in 1992, the symbol of Taiwan Excellence is recognized by 102 countries.

Organized by

Bureau of Foreign Trade (BOFT), MOEA

The Bureau of Foreign Trade (BOFT) under the Ministry of Economic Affairs (MOEA), R.O.C. is responsible for implementing policies and regulations governing foreign trade and economic cooperation. Established in January 1969, the BOFT's role and position have been adjusted regularly to meet the needs of the ever changing international economic and trade environments. The BOFT has been guiding and working with the Taiwan External Trade Development Council (TAITRA) in numerous promotional trade projects and activities both internationally and domestically. Having worked closely with TAITRA for many decades, the BOFT continues to commission TAITRA for various critical government projects relating to business, trade and investment, while promoting Taiwan internationally.

Taiwan External Trade Development Council (TAITRA)

Founded in 1970 to help promote foreign trade, the Taiwan External Trade Development Council (TAITRA) is the foremost non-profit, semi-governmental trade promotion organization in Taiwan. Jointly sponsored by the government, industry associations, and several commercial organizations, TAITRA assists Taiwanese businesses and manufacturers with reinforcing their international competitiveness and in coping with the challenges they face in foreign markets. TAITRA boasts a well-coordinated trade promotion and information network of over 1,200 international marketing specialists stationed throughout its Taipei headquarters and 50 overseas offices worldwide. Together with its sister organizations, the Taiwan Trade Center (TTC) and the Taipei World Trade Center (TWTC), TAITRA has created a wealth of trade opportunities through effective promotion strategies.

D8000L Power Bank
D8000L

The D8000L combines ADATA power bank and LED excellence in one sleek, ultra-useful product. An entire side of the device is dedicated to powerful, 4-mode lighting that highlights your experiences. You get 8000mAh to charge devices and IP54 dust and waterproofing. Wherever you go, the D8000L is your multi-purpose enabler.

HD720 Waterproof/Dustproof/Shockproof External Hard Drive
HD720

HD720 is the ultra durable external hard drive with a sporty design. It features a large storage capacity, and also undergoes stringent tests for waterproofing, dustproofing and shock resistance to provide excellent protection of data. The HD720 is the most rugged data backup for your next adventure!

External Solid State Drive
SD700

• Tough IP68 dust and water proofing plus military-grade shock proofing
• Light, convenient, and stylish high speed storage
• Overcome boundaries with cross-OS compatibility

HD710 Pro Waterproof/Dustproof/Shockproof External Hard Drive
ADATA HD710Pro

The HD710 Pro takes external hard drive durability further. We test it to beyond IP68 dust and waterproof standards, plus make sure it passes military-grade shock proofing with triple-layered protective construction. With up to 5TB capacity, this master of storage survival is your ally in keeping content safe whether your flavor is diving, hiking, biking, or simply taking a quick stroll

Long Backup UPS
CPS1500PIE

CyberPower CPS1500PIE Long Backup UPS provides backup power when regular systems fail for a wide range of applications including household appliances, office systems, banking & retail, and industrial sites. It provides noiseless, fuel-less, and clean pure sine wave output with adjustable Automatic Voltage Regulation (AVR), making it a greener and better solution over traditional generators.

Long Backup UPS
P0315SUA0

CyberPower P0315SUA0 surge suppressor is ideal for home and office protections. The outlets with MOV technology guard the surge suppressor and connected electronic equipment against power irregularities and lightning strikes. This product is designed with over-current protection. When the suppressor overloads, the power will be turned off automatically to protect the product.

Hybrid Solar Power Generating System
CPS2200EOH24SC

CyberPower CPS2200EOH24SC solar hybrid power generating system converts renewable solar energy from panels into usable AC and store excess power in batteries as backup power during blackout and emergencies. The solar hybrid power generating system comes with a small and compact design, which helps to simplify the installation process, therefore helps to save greatly on labor and material costs.

UPS
BU600E

CyberPower BU600E provides home and office users a reliable battery backup and safeguards office PCs and other electronic devices from surges, spikes, brownouts and other power irregularities. As all CyberPower UPSs are designed with fireproof plastic housing, this product provides an outstanding fire-resistant capability (as compared to similar products) to minimize possible damage to valuable assets in case of fire.

Power Bank 10000 mAH
CP10000PEG

CyberPower CP10000PEG power bank is a rechargeable, long lasting, mobile battery designed for powering mobile devices including smartphones, MP3 players, cameras, and handheld gaming devices while away from other power sources. The attached USB charging connector can be used for charging the battery pack itself through any powered USB ports. Through the additional USB cable, you can charge your devices anywhere, anytime and enjoy hours of extra runtime.

Online UPS
OLS2000E

CyberPower OLS2000E is a high-performance UPS featuring online double-conversion topology, which provides seamless pure sine wave power for mission-critical devices such as NAS and servers, DVRs/surveillance systems, transportation and infrastructure, and emergency systems. It's typically integrated in the back office, server room, and data center environment.

EXO AC1900 MU-MIMO Wi-Fi Router
DIR-878

The EXO AC1900 MU-MIMO Wi-Fi Router brings a host of new technologies to create the best Wi-Fi experience to date. With combined Wi-Fi speeds of up to 1,900 Mbps, it allows you to create a home Wi-Fi that connects all of your computers, game consoles, smart TVs and mobile devices. AC SmartBeam™ together with MU-MIMO technology brings you the future of high-bandwidth wireless connectivity, further increasing the speed and coverage of your network.
• High-Speed Wired and Wireless Connectivity
• Smooth Streaming with Wireless 802.11ac Wave 2
• Easy to Set Up and Secure
• Hassle-Free D-Link Smart Connect Technology

EXO AC2600 MU-MIMO Wi-Fi Router
DIR-882

The EXO AC2600 MU-MIMO Wi-Fi Router brings a host of new technologies to create the best Wi-Fi experience to date. Supporting the latest in Wi-Fi technology, with combined Wi-Fi speeds of up to 2,533 Mbps, it allows you to create a home Wi-Fi that connects all of your computers, game consoles, smart TVs and mobile devices. AC SmartBeam™ together with MU-MIMO technology brings you the future of high-bandwidth wireless connectivity, further increasing the speed and coverage of your network.
• Smooth Streaming with Wireless 802.11ac
  Wave 2
• Hassle-Free D-Link Smart Connect Technology
• File Sharing Right at Your Fingertips

N300 Wi-Fi Range Extender
DAP-1325

The DAP-1325 N300 Wi-Fi Range Extender is a portable plug-in adapter that lets you extend an existing wireless network. Simply place it anywhere in your home to extend the range of your wireless network.
• Extend Your Wireless Network
• Easy to Set Up And Easy to Use
• Compact And Convenient Design

AP Controller
APC500

• High Speed Interface
• Easy Installation
• Scalable Architecture
• Easy Centralized Management
• AP L2/L3 Management
• RF Management
• Robust Security
• Guest Access and Captive Portal
• Business Environments
• Supported AP Models

Peephole Door Camera
IC-6220DC

• Simple, optimal wireless signal coverage for home security
• Remotely monitor what's happening day and night
• See your door's peephole on your smartphone wherever you are
• 2-way audio for answering the door anytime
• PIR sensor for precise motion detection
• Night vision to see up to 3 meters
• Easy DIY installation with trouble-free setup
• Flexible recordings storage options for safekeeping
• Maintains peephole functionality and fits the vast majority of door thickness

Smart Ethernet remote I/O with Click&Go Plus, 12 DIOs, 4 AIs

ioLogik 2542

ii. The ioLogik 2500's hardware design includes a 4-port unmanaged Ethernet switch and 2 serial ports, enabling the ioLogik 2500 to seamlessly connect to a variety of field devices. One of the Ethernet ports can be used to link to 8 daisy-chained ioLogik E1200 expansion modules to provide more than 100 channels. The ioLogik 2500 acts as the "head" unit, with Click&Go Plus logic used to control the entire I/O array. Most importantly, the ioLogik 2500's single IP is all that's required to connect the entire I/O array to your network, providing the perfect solution for industrial field sites that have an insufficient number of IP addresses.

4+2G-port Gigabit PoE+ managed Ethernet switches with 4 IEEE 802.3af/at PoE+ ports

EDS-P506E-4PoE Series

EDS-P506E-4PoE Ethernet switches is designed especially for harsh outdoor applications with 4 kV surge protection to ensure uninterrupted reliability of PoE systems that provide up to 30 watts of power per PoE+ port in standard mode, allowing high power output of up to 4-pair 60W for industrial heavy-duty PoE devices, highly versatile, and transmitting data up to 120km to control center with high EMI immunity. The Ethernet switches support STP/RSTP, Turbo Ring, Turbo Chain, PoE power management, PoE device auto-checking, PoE power scheduling, PoE diagnostic, IGMP, VLAN, QoS, RMON, bandwidth management, and port mirroring.

eScan A150

Start scanning with the large intuitive main menu interface, that provides you all the features and function you need, without going through complicated and tedious setup screens, to make digitalizing files a breeze. Complete scanning can be done in three simple steps. The ESSENTIAL package allows one to validate the scannedimages in thumbnail mode; furthermore, review each individual scan documents in full page format to crop, rotate, or even adjust the brightness and contrast of the page. Making it simple to deliver the scans to one of themany destinations that eScan offers in a snap!

ePhoto Z300

Z300

The Plustek ePhoto z300 is a fast, precise and intuitive scanner that lets you relive the joy, the tears and all your other favorite memories.

TAIWAN EXCELLENCE GAMING CUP 2018 : THE LEGACY CONTINUES

Taiwan Excellence Gaming Cup is a celebration of competition, allowing gamers to do what they do best: Game. A sanctuary where gamers cooperate, use tactical advances and come together in teams to win against their opponents.

All this for a shot at the grand prize and to obtain the ultimate bragging rights to be called champions, titled under the Taiwan Excellence banner. With four successful seasons of unadulterated fun for both the gamers and their viewers, this year will undoubtedly be a bigger extravaganza!

What's to be expected?

Well, when one has had a successful legacy, one simply doesn't aim for failure. Our fifth season of Taiwan Excellence Gaming Cup will be expecting a vaster collection of games such as DOTA 2, Counter Strike GO and PlayerUnknown's Battlegrounds.

Registration opens: **15ᵗʰ June, 2018**
Elimination round's venue: **Mumbai, Delhi, Bengaluru, Kolkata, Chennai & Hyderabad**
Finale event: **28ᵗʰ- 29ᵗʰ September, 2018**
For more details logon to: **www.tegamingcup.com**

Notebook
Nitro 5

Stylish and Rugged Gamer Oriented Design with powerful Hardware

Notebook
Predator 17x

PredatorSense software puts advanced gaming tweaks at your disposal for a unique gaming experience.

XPG Z1 Gaming DDR4
XPG Z1

ADATA XPG Z1 DDR4 memory is designed as the ultimate upgrade for overclockers, enthusiasts, and gamers thanks to its remarkable performance and power efficiency. Even with speeds of up to 3333MHz and a transfer bandwidth reaching up to 26.6GB/s, XPG Z1 consumes 20% less power when compared to DDR3. Utilizing Thermal Conductive Technology and a 10-layer PCB with 2oz of copper, XPG Z1 provides excellent cooling performance, as well as great stability whether you are on the battlefield gaming or trying to achieve higher benchmarks while overclocking.
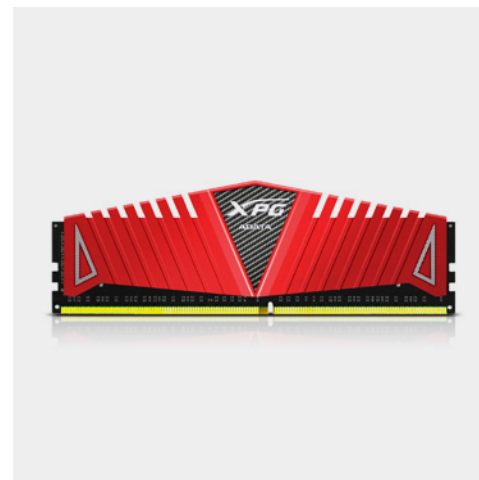

Gaming M.2 2280 PCIe SSD
GAMMIX S10

Utilizing the super-fast PCIe Gen3x4 interface, the GAMMIX S10 reaches extremely high R/W speeds of up to 1800/850MB per second, outranking SATA 6Gb/s by a huge margin.

301
IW-CF07

The 301 continues the simple and clean top/front panel interface, while maintaining the LED front I/O. Accompanied with a toolless, screwless tempered glass side panel. Also, 301 is constructed of 1.2mm SECC steel, which has separate PSU chamber and support up to 5 fans to creates efficient air flow for quick heat dissipation. This extremely flexible interior structure allows the users to take their functional cooling options, and design their own work of art. The 301 has one 3.5"/2.5" HDD tray, and it supports up to three 2.5" SSDs. It also has four PCI-E slots at the rear and plus one graphic card support to keep stable.

AURORA
IW-AURORA

The approach with the Aurora fans is to be innovative and aesthetically pleasing by developing fans with simpler wiring, and provides the ability to daisy chain multiple fans and LED Strips.

TAIWAN EXCELLENCE 2017

101
W-CI698

With versatile cooling options and can accommodate powerful hardware, 101 distinctive front panel is designed to have a clean surface with a striking LED bezel. Modest yet sharp luminous front panel hosts a hidden power button, which discretely intermixes with the unique LED logo. To keep the front simple and clean, the front I/O is positioned at the top, which grants easier access. Detail-oriented and thoughtfully designed, the 101 not only supports 2.5" and 3.5" drive bays, up to 6 fans simultaneously, but also mounts with a specialized GPU holder that provides extra support and prevents your graphics card from sagging or unnecessary vibrations.

Polaris
IW-Polaris RGB

There are six independent RGB LEDs stationed in the center of the fan, which can be controlled by motherboard software. No controller required. Further, new modular connector design allows each fan to link with each other to create a daisy chain effect, which brings easier installation and tidier cable management.

NEMESIS SWITCH Optical RGB
MO-NMS-WDOOBK-01

The NEMESIS Switch Optical RGB Gaming Mouse comes with an exclusive patented key switching system for an enhanced FPS/RTS/MOBA/MMO gaming experience. Enthusiasts can customize up to 12 switch keys to suit different playing styles, hand sizes, and for enhanced ergonomic comfort. The use of Japanese branded OMRON switches with a 50-million click lifespan provides durable, consistent, and accurate tactile feel with each click for maximum responsiveness; and the use of a PMW3360 gaming grade optical sensor with up to 12000 DPI provides superior accuracy and precision gaming. Equipped with 16.8million RGB illumination, gamers can customize their battle colors for added atmosphere.

Floe Riing RGB 360 TT Premium
CL-W158-PL12SW-A

The Floe Riing RGB 360 TT Premium Edition is the world's first 16.8 million colors liquid CPU cooler with three 120mm Riing Plus RGB fans and a LED waterblock. This cooler series features its extraordinary performance and superior quality. The large surface radiator plus high-performance waterblock and pump guarantees ultimate CPU cooling. Besides, the waterblock and the fans are manufactured with multiple addressable LEDs that can be controlled by Riing Plus RGB Software. Functions within the software also allow users to monitor fan performance and track CPU temperature. Enjoy better cooling performance and greater CPU protection with one simple upgrade!

View 71 Tempered Glass RGB Edition Full Tower Chassis
CA-1I7-00F1WN-01

Designed to expand the legacy of the View Series lineup, the View 71 Tempered Glass RGB Edition Full Tower Chassis features unrivaled cooling support and expandability surrounded in tempered glass for a one of a kind view. Swing open full window tempered glass panels for easy access with all panels properly spaced for optimal airflow. Preinstalled with three 140mm Riing RGB fans, Vertical GPU mount and 3-Way radiator support for today's PC hardware demands, the only limitation is your imagination.

Smart RGB 500W
PS-SPR-0500NHSAWEU-1

Thermaltake, as the pioneer who incorporates RGB lights into PSU, has launched the Thermaltake Smart RGB Series, coming with a pre-installed, 256 colors RGB fan hub with 15 lighting modes to choose from and built-in memory.Featuring capacities ranging from 500W to 700W and 80 PLUS Standard certification, Smart RGB Series adopts the high quality components and silent design that always accommodate any mainstream build under any circumstance.performance and superior quality. The large surface radiator plus high-performance waterblock and pump guarantees ultimate CPU cooling.
