ABOUT TEIB

Taiwan Excellence, in collaboration with Genysis Cyber E-sports, proudly presents the Taiwan Excellence - Intercollege Battleground!

Sponsored by Acer Predator, Asus ROG and MSI , this new intercollegiate league aims to build a connection between rapidly emerging esport societies in Universities and Colleges, and in the process help bolster esport's growth amongst today's youth. Also supporting this effort are our partners Aorus, In Win, Teamgroup, Thermaltake, Transcend and XPG.

3 main esport titles will headline the event: Dota 2, Counter Strike: Global Offensive and League of Legends. These PC titles represent the pinnacle of competition amongst the Malaysian esports comunity, with strong and thriving communities eager to show their best. Also to be featured are several supporting titles in the Mobile and Console space, such as Mobile MOBAs, Racing Sims and Fighting games, all of which have dedicated communities represent the new emerging frontiers of esports growth in the region.

The TEIB will begin with 10 qualifiers in 10 locations, comprising of universities and colleges across Malaysia. In each qualifier, one champion from each game will be awarded the opportunity to take part in the TEIB Main Event, where they will compete against each other in a battle that will see one college representative crowned the Champion of Champions!

Of course, with a tournament of this great scale comes great rewards. A grand total of RM130,000 is up for grabs for those who have the drive and the passion to fight their way to the top. Each qualifier will see a prize pool of up to RM2,300 per game, with the Champions standing a chance to get a cut of the RM18,000 prize pool at the Main Event.

To kick things off, an official launching will be held on the 3rd of May at The Pantheon, Malaysia's 1st esports center with Platinum iCafe certification by Nvidia. This launching will invite gaming societies all over Malaysia and introduce the Taiwan Excellence - Intercollege Battleground to the World.

Together we will foster excellence through esports amongst the youth,
and strive towards the future!

FREQUENTLY ASKED QUESTIONS

1. Can I participate if I'm not a student?
   No, available for Student only. Student that are on break, deferred, working part-time as university staff, or recently graduated are also allowed to join.

2. I'm student, but I'm not from the University that the qualifier is held in. Can I join?
   Yes, you can join. The qualifiers are open to ALL students studying in Malaysia including international students. (With the exception of TARUC Qualifier)

3. Can my team members be students from other university/colleges?
   Yes, a team can be a mixture of students from different universities. But the team can only represent ONE university of choice.
      Example: A team consisting player of MMU Cyberjaya, HELP & SEGI college allowed to join. The team ONLY able to represent 1 University if you qualified.

4. Can international students studying in Malaysia join the tournament?
   Yes, allowed

5. If my team lost the "A" University qualifier, can we join the next qualifier?
   Yes, your team may join as many qualifiers as you want to. Likewise, if your team has won as Champion in one qualifier, you're not allowed to join any more qualifier until grand finale main event at October.

6. How do my team qualify for Grand Finale main event?
   Champion of every qualifier will automatically be invited to the main event Grand Finale on October.
